

Aadya Dixit

Undergraduate: Computer Science

Email: aadyadixit17@gmail.com

Mobile: +91-9315808067 | [LinkedIN](#)

Results-driven and highly motivated Engineering undergraduate with a strong academic foundation and a keen interest in technology, innovation, and problem-solving. Possessing fundamental knowledge of core engineering concepts, programming, and analytical thinking with the ability to adapt quickly to new tools and technologies. Demonstrates excellent communication, teamwork, and time-management skills, along with a proactive attitude toward continuous learning and professional growth.

Education

-
- | | |
|--|------------------------|
| • IMS Engineering College AKTU
<i>B.Tech (Computer Science) — CGPA: 7.0</i> | Ghaziabad
2023-2027 |
| • St. Mary's Christian School CBSE
<i>Secondary School (10th) — 70%</i> | Sahibabad |
| • St. Mary's Christian School CBSE
<i>Senior Secondary (12th) PCB (Physics, Chemistry, Biology) — 75%</i> | Sahibabad |
| • National Institute of Open Schooling
<i>Senior Secondary (12th) PCM (Physics, Chemistry, Mathematics) — 85%</i> | |

Additional Qualification: Completed secondary education through two academic tracks (PCB and PCM), demonstrating interdisciplinary academic preparation and self-driven learning

Technical Skills

-
- **Programming Languages:** C++, Python, HTML, CSS.
 - **Tools & Technologies :** Java, JavaScript, GitHub ,Jupyter, Google Colab, VS Code, FastAPI, Postman
 - **Backend Development:** Django, Flask
 - **Databases:** MongoDB, MySQL.

Projects

-
- **Cognitive AI – Intelligent Data Handling & Summarization System | SDGI Hackathon 2026**
 - Developed an AI-based project designed to manage, process, and organize large volumes of unstructured data efficiently. Enables automatic summarization of lengthy documents and extracts key insights for faster decision-making and improved productivity
 - **Technical Skills:** AI model integration techniques , Python, Machine Learning, Natural Language Processing (NLP), Data Processing, .
 - **Smart Material Construction Optimizer – AI-Based Construction Resource Management System | Academic Project 2026**
 - Developed an intelligent project focused on optimizing material selection and resource planning for construction projects also analyzes cost, durability, availability, and sustainability factors.
 - **Technical Skills:** Python, Machine Learning, Data Analytics, Optimization Algorithms, and Decision Support Systems
 - **College Portfolio Management System – Smart Academic Record & Profile Manager Academic project 2025**
 - Developed a centralized system to manage student portfolios, academic records, achievements, and project details efficiently. Enables organized storage, quick access, and tracking efficiently.
 - **Technical Skills:** HTML, CSS, JavaScript, MySQL, and Basic Web Development

Certification

-
- **Samagra Techfest** – Organized by ITS College, Mohan Nagar | April-2026- [Certificate](#)
 - **Hack-a-Thon Techfest**- Organised by IMSUC, Ghaziabad | April-2026- [Certificate](#)
 - **SDGI Hackathon**- Organized by Sunderdeep Global University | March-2026- [Certificate](#)
 - **Entrepreneurial quiz competition**- IMSEC , Ghaziabad | September 2025
